RED CROSS TEA ROOM TO CLOSE DURING INFLUENZA.

Because of the influenza scare and of the many strict regulations imposed upon them by the State Board of Health and the orders of the local Health Board, the Tea Room in the Wilson Building, at the corner of Third and Main, which has been operated so successfully for some time past by the Red Cross members have closed temporarily.

The limited force, the scarcity of help, and the time and expense required in observing the Health Board regulations, were given as the principal reason for closing the Tea Rooms. They will be opened again as soon as the influenza situation has passed. The closing of these rooms, even though temporarily, is a matter of genuine regret to hundreds of patrons.

In conversation with one of the ladies in charge, she said: "We could continue operating the rooms very nicely if we only had a hot water tank, so that we could have plenty of hot water for sterilizing the dishes, glasses, and other articles that would require it."

Now, cannot some of the patriotic citizens of this city or the county furnish this, and let the young ladies continue with the good work they are doing? Since the Tea Room has been in operation it has earned enough money to pay off the indebtedness of the local Chapter of the Red Cross, which was something over \$1,500. This is a fine record. Nobody missed the money or donations that were given to the Rooms, the patrons got their money's worth in every instance, and the Red Cross Chapter will need the money earned for expenses incurred this fall.

It is to be hoped that the closed period will be for only a short time. Who will contribute a hot water tank for the Red Cross Rooms? All who are in a position to do so, please speak up, and let them know.

STRANGE BEDFELLOWS

(Elizabethtown News.) The editorial columns of the Courier-Journal present an amusing and unusual spectacle these days. Editor Bingham is championing woman's suffrage, endorsing President Wilson's appeal to the Senate to pass it, while Henry Watterson, the Editor Emeritus has on his war paint in the same columns denouncing woman suffrage, in his usual lurid and graphic style, and giving President Wilson "Hail Columbia" for mixing it in.

Bingham, the friend of Beckham, is censuring the Senior Senator from Kentucky for speaking and voting against the suffrage amendment and Watterson, who once characterized Beckham as his worst political enemy, is patting him on the back with words of praise and commendation for his able speech against the "iniquitous measure." Truly politics does make strange bed fellows.

The attitude of the Courier-Journal, with one editor on the other side, has never, in our recollection, had a parallel except in the Paris Kentuckian-Citizen when Editor Craddock supported W. C. P. Breckinridge for Congress and the other editor, Wm. Remington, opposed Mr. Breckinridge.

This anomalous position for a newspaper is creating a great deal of comment throughout the State and a good deal of amusement as well.

AUTOS IN ACCIDENT

A party of joyriders, who escaped from the scene as quickly as possible, came to grief Saturday night when their machine collided with a telephone pole in the rear of Lavin & Connell's grocery store, on Eighth street. The machine got beyond control and struck the telephone pole. The cables supporting the telephone pole were almost torn loose by the machine. The street was almost deserted at the time, and the identity of the joyriders could not be established. The machine was taken in charge by the police, and sent to a garage for repairs.

A machine driven by Mr. Faulconer collided with a wagon on the Cynthia Pike Saturday, near a high embankment. The machine was badly damaged, while the wagon was completely wrecked. Mr. Faulconer and the driver of the wagon both escaped serious injury. The mules drawing the wagon were thrown down the embankment, but escaped injury.

REAL ESTATE TRANSACTIONS.

Two hundred and eighty-two acres of land, comprising the farm known locally as the Sister Mary Farm of Mr. Martin Doyle, purchased recently by Dr. D. S. Henry, sold at public auction Saturday by the real estate firm of Bond & Buckley, of Lexington, for a total average of \$250.25 an acre.

The farm was divided into four tracts, which were sold as follows: One hundred and seventeen acres to B. W. Wilson, of near Carlisle, for \$250 an acre; seventy acres to Henry F. Ingels for \$257 an acre; sixty and two-thirds acres to Henry F. Ingels for \$258 an acre; and thirty-four acres adjoining the same to same buyer for \$225 an acre.

The auctioneers were assisted by the real estate firms of Harris & Speakes, the Paris Realty Co. and M. F. Kenney.

Auctioneer Geo. D. Speakes conducted the public renting at the court house door yesterday of 1,254 acres of land owned by Mrs. C. M. Clay on the Winchester pike. The land brought \$20 an acre, being taken by Mr. W. A. Thomason, of North Middletown, who had the land rented for the past two years. At the same time and place Auctioneer Speakes rented to Mr. W. A. Thomason 515 acres of wheat land belonging to Mr. John Harris Clay for \$8.60 an acre. Possession will be given in March.

Mr. John Grimes purchased recently of Mrs. Rosa Flanders, of Paris, her farm located on the Maysville pike, known as the Bedford place, for \$225 per acre. The farm contains 249 acres, bringing the seller the handsome sum of \$55,025. Mr. Grimes will get possession of the place in March. It is highly improved and a most desirable piece of property.

RED CROSS SOCIETY CHRISTMAS ROLL-CALL.

A Christmas Roll-Call of the whole American people for the membership in the Red Cross will take place from December 16 to 23, inclusive.

The lists will be open for every American in every corner of the world, so that it may be known that the whole nation at home and abroad is registered for the cause.

At the close of the Christmas Membership campaign of 1917 there were 22,000,000 Americans enrolled in the Red Cross. There are also 8,000,000 members in the Junior Red Cross.

This year both as a Christmas observance and a renewal of the nation-wide pledge of loyalty, the Red Cross will put before every one the duty of standing by the flag; for the Red Cross, in this great fight for peace represents the whole spirit of what we are fighting for.

The Red Cross membership fee is one dollar. Half of this remains with the local chapter, to be used for expenses and for relief of our soldiers and their families; the other half goes to the National Treasury.

THE PRESIDENT WANTS REAL FRIENDS FOR SUPPORT

At no previous time has the importance of every Democrat laying aside all past differences and standing firmly behind the President in his great trials, been manifested as now. He needs and has appealed for the support of his real friends and we can not do less than respond by returning all the Democrats to Congress from Kentucky, who have proven their loyalty to him and electing Gov. Stanley, whose patriotic efforts are known of all men, to succeed the lamented Ollie James in the Senate. Any other course would be notice to him and the country that we have ceased to realize the gravity of the situation and no longer care to help lighten the load that the greatest man in all the world is carrying. Do not let us give aid and comfort to the Kaiser and his sympathizers, but by stamping under the rooster send the real friend of the President to support him.

President Replies to German Note.

No Armistice Can Be Thought of As Long as Hun Atrocities Continue.

"AUTOCRACY MUST GO" IS TEXT OF ANSWER

WASHINGTON, Oct. 14.—President Wilson to-day answered Germany's peace proffer with a note declaring anew that there can be no peace with a German government controlled by a military autocracy and no thought of an armistice while German atrocities continue on land and sea.

"Autocracy must go."

"It is indispensable that the governments associated against Germany should know beyond a peradventure with whom they are dealing. The President will make a separate reply to the royal and imperial government of Austria-Hungary."

The statement was made at the White House that the government will continue to send over 250,000 men with their supplies every month and there will be no relaxation of any kind.

LONDON, Oct. 14.—In the attack in Flanders to-day the French took 3,000 prisoners.

DO THE BOYS LIKE TO GET "HOME PAPERS"

Some time ago Col. William Thompson Boyce, of Westchester county, New York, conceived the idea of sending copies of "the home paper" to the boys in the army cantonments and overseas. Publishers of the papers taking advantage of his idea soon found that there was nothing more welcome to the men at the front than their old home town paper.

THE NEWS would like to see the patriotic people of this city and county take up a campaign along these lines. We receive many letters from the boys in the service, and from many who are overseas, telling how glad they are to get a copy of the paper. If you want to make your son or your brother happy send THE NEWS twice-a-week at the subscription price of \$2.00 per year. It will be a welcome visitor to him in his lonely hours, and will be the means of buying him up many a time when his thoughts are turning longingly toward the old home and the old associates.

Ensign William F. Lally, of the U. S. Naval Forces, stationed in Europe, says: "There is nothing that the man in the service craves for more than the news from his old home town. True, he may get many letters, but they are nearly always in reference to personal matters, and do not give the general trend of old town happenings that his paper would. As official censor of the ship which I command, I am in a unique position to know their wants, and hardly a letter passes through my hands that does not request a few copies of the home paper."

Several publishers have raised the point of paper conservation. The rules on this subject promulgated by

the United States Government are very explicit. Every legitimate subscription is encouraged and not discouraged. A legitimate subscription must be one that pays the full subscription price and that is not the result of a contest or other artificially stimulated methods. A subscription for a soldier in the army camps or in France, taken at the full subscription price, is entirely permissible under the Government ruling, and such subscription fulfills a patriotic service.

Send THE NEWS to your soldier or sailor boy and make him feel that you are getting closer to him in his loneliness than if you sent him some "literary things."

NOTHING NEW IN THE INFLUENZA SITUATION.

There have been no new or startling developments in the local influenza situation. No new cases have been reported to the local Board of Health, and those that have developed are being carefully guarded and treated. The homes where the disease has appeared have been placarded with "Influenza" signs.

The situation is well in hand here, and under perfect control. The instant response of the people to the local Health Board's effort to prevent a spread of the disease by observing all necessary sanitary precautions has been admirable, and the spirit of co-operation with the authorities has tended to make the situation one easily handled.

IN THE SERVICE OF THEIR COUNTRY.

Owing to the spread of influenza several of the Bourbon county boys who have been training in special courses at Camp Buell, Lexington, have been sent home on furloughs until October 27.

Relatives in this county of Archie B. Lucas, a Bourbon county draftee, have been advised that he is recovering from a slight attack of the Spanish influenza at the Base Hospital at Camp Meade, Md.

Private Edgar Lovell, of Paris, has been transferred from Camp Zachary Taylor to Camp Jessup, in Georgia, where he will take a special course of instruction in auto and auto-truck handling. He is a son of Mr. M. B. Lovell, of near Paris.

Raymond and Thornton Connell, J. Stuart Wallingford, C. Landen Tomplin and Hiram Adair, members of the A. S. T. C., at Kentucky University, have returned home owing to the prevalence of influenza and the closing of the school during the present "flu" scare.

Capt. Morton C. Collier, formerly of Paris, who has been stationed at Camp Mills, Long Island, N. Y., for some time, writes to his mother, Mrs. J. H. Collier, stating that he was leaving an Eastern port of embarkation to join the American Expeditionary Forces overseas.

Luke Gordon, of Lexington, well-known in Paris as a former motor-man on the Paris-Lexington interurban line, is one of the influenza victims at Camp Zachary Taylor. His death occurred in the Base Hospital at the Camp last week. The body was brought to Lexington for interment.

Private S. C. Buchanan, one of the Bourbon county draftees, who had been transferred to an Eastern camp some time ago, is recovering from an attack of the Spanish influenza at an army camp hospital in New Jersey. He will soon be able to rejoin his company in a South Carolina camp.

A letter to Mrs. Kate Clark, of Paris, from her son, Maj. Richard T. Clark, states that he is able to be out again after a serious attack of influenza at Camp Lee, Va. Maj. Clark, who is a member of the Dental Corps of the Army Medical Department at Camp Lee, will apply for leave of absence to visit Paris as soon as he is able to travel.

Mrs. Jos. Torrence, of Cynthiaana, has received word from her husband, Lieut. Jos. Torrence, who arrived in America last week from overseas service, that he had been sent to a hospital at Cape May, New Jersey. Lieut. Torrence, who is well-known in this city, went to France at the same time as did Lieut. Reuben Hutchcraft, of Paris. He was severely wounded at the battle of Soissons on July 17 and has been sent back to America to recuperate. Mrs. Torrence will leave this week to join him.

Maj. Henry Rhodes, State Selective Draft Officer, has notified all the draft boards that a large service flag is going to be made in Frankfort for the boys who have given their lives for the country, either on the battlefields in France or in the camps here. The relatives of all boys who have made this sacrifice are urged to get in touch with the draft board of their district and report any information they may have that will help the State with this large service flag.

In a letter to THE NEWS from Jos. W. Davis, Jr., who is at the Great Lakes Training Camp, he states that he is in fine health, that the "flu" epidemic has abated there, and is completely under control. Says THE NEWS arrives in Camp regularly, and that he and all the Bourbon boys simply "eat it up." He is "fit" and ready to fight and restless to be moving, which he hopes will be soon. Joe sends his best regards to all his friends, and says that peace will be declared shortly after the Kaiser hears he has orders for overseas duties.

Another name has been added to the casualty list of the boys from Bourbon county who have laid down their lives for their country. A message was received here announcing that Private John W. Sergeant, son of Mr. W. R. Sergeant, of near Little Rock, had been killed in action in one of the battles in France. No particulars were given. Private Sergeant went to Camp Taylor with a contingent from this county last October, and had been in the service about one year. He was one of the first Bourbon county boys to go overseas, and had taken part in several battles.

The call to the colors is likely to play havoc with the clerical forces of the First National Bank of this city. The bank is now already represented in the service by Lieut. Jas. Winn McClure, son of Cashier James McClure, who is stationed on the Texan-Mexican border; Bernard J. Santen, now overseas; former Assistant Cashier Hord Mann, who is to go into Army Y. M. C. A. work in France. Of the force left at present D. C. Lisle, bookkeeper, is in the draft call, Miss Henrietta Dotson,

VOLUNTEER READILY THEIR SERVICE AS NURSES.

The call which was issued last week asking for volunteer emergency nurses, whose services were needed in caring for the soldiers suffering from influenza in the cantonments, met with an instant and ready response on the part of the women of Paris and Bourbon county. When they offered to go at once, they were told that hospital experience was one of the necessary requirements, so their services have not been accepted. Those who have volunteered are:

Miss Clara Bacon, Miss Bertha Napier, Mrs. N. A. Moore, Mrs. Carl Crawford, Miss Mary Bashford, Miss Martha Ferguson, Miss Mary Fithian Hutchcraft, Mrs. Tilford Burnett, Miss Neva Calvert, Mrs. Boone Chancellor, Mrs. Hallie Cherry, Miss Reba Lockhart, Mrs. Jack Woods and Mrs. J. H. Moran, all of Paris, and Miss Lannie Layson, of Millersburg, Miss Kate Wilson, Miss Lucy Lowry, (registered nurses), Mrs. Harry Kerslake, Miss Mary Wood, Miss Mary Wood, Miss Flora Hill, Mrs. Harry Brent Fithian, Miss Stella Price; Miss Lillian G. Mason, of North Middletown.

SMOKE FROM FOREST FIRES REACHES PARIS.

Smoke which enveloped Paris Sunday night caused much speculation as to its origin and from whence it came. The smoke is said to have come from the forest fires raging in Minnesota. Due to the high winds blowing in a southerly direction the smoke spread all over Central Kentucky and caused much excitement. It was accompanied by a very pungent smell of burning pine, due to the destruction of the immense pine forests by fire.

bookkeeper-stenographer, has resigned to go into war work, Stanley Conner, elevator operator, has gone into war work in Knoxville, Tenn., and Will Carter, colored, janitor, has gone into agricultural work helping in farm work, seeding wheat.

Mr. and Mrs. O. G. Lytle received a letter from their son, John, yesterday, who is stationed at Camp Custer, Mich. He states that he is well and has had no symptoms of the epidemic, but that there are 7,000 cases of influenza at the camp.

Mr. and Mrs. Aaron Linville, of Seventh street, are in receipt of a card from their son, Private James R. Linville, announcing his safe arrival overseas. Young Linville is a member of Co. D., 149th Infantry. He was at Camp Zachary Taylor before being transferred to an Eastern port of embarkation.

Mrs. L. Saloshin has received word from Mukilteo, Wash., that her son, Jake Saloshin, who was a member of the "Six Missits," who left here on special service some time ago, had an arm broken at a lumber mill at that place. A letter from Jake stated, however, that the injury is not serious.

J. W. Waller, of Paris, Charles Ferguson, of Georgetown, who are with the A. E. F. in France, have written to relatives here that they were in good health. That they had met several of the boys with the Barrow Unit while in England and that they were all happy and contented and a general love-feast ensued for the short while they were together.

Mrs. Carrie F. Stone, of Paris, received a card from her son, George ("Tommy") Frakes, announcing his safe arrival at an overseas port. Young Frakes enlisted from Louisville, where he was working for the Adams Express Co., was sent to Camp Taylor, from there transferred to Ft. Benj. Harrison, then to Camp Mills, New York, finally embarking for the zone where war is raging.

Kentucky was advised several days ago that her quota of mechanics to be trained in the public schools of Cincinnati, is 250. Chairman Chas. A. McMillan, of the local Draft Board, was advised that Bourbon county would be expected to furnish two of this number. Other quotas for surrounding counties are: Franklin, 10; Fayette, 12; Montgomery, 4; Nicholas, 2; Scott, 2; Woodford, 9; Shelby, 2.

Ireland "Bit" Davis, who is a truck driver, in the service at Vancouver, Wash., writes that he has gained ten pounds and is enjoying fine health, and is pleased with his duties, although he has little time for writing or other recreation. The regular hours, good, wholesome food, plenty of sleep and fresh air are sure making some man of him. He says that when the boys write that "time for writing is scarce" to believe what they say. "Tell all my friends to write, as a letter from the little old town sure looks good. My address is 423 S. D., Vancouver Cant., Vancouver, Wash."

PERUNA and MANALIN Cured Me

Mrs. E. M. Harris, R. R. No. 3, Ashland, Wis., sends a message of cheer to the sick:

"After following your advice and using Peruna and Manalin, I was cured of catarrh of the nose, throat and stomach, from which I had suffered for several years. When I commenced taking Peruna I could not make my bed without stopping to rest. Now I

Catarrh of the
Nose, Throat
and Stomach.

do all my work and am in good health. I recommend this valuable remedy to all suffering from any disease of the stomach."

EDITORIAL MUSINGS.

Power, Coal, Industry.

The United States Chamber of Commerce has options upon public questions and it has taken a crack at the Federal Trade Commission, because of the attitude of the Commission toward some of the principal industries of the country. The Chamber of Commerce is a sort of clearing house for all local organizations throughout the United States, and among the discoveries it has made, and which has been embraced in resolutions, is one which "recommends to State and local authorities that they recognize the unusual and onerous conditions with which public utilities companies are contending, and that in the interests of the companies, of business of the public, they give prompt and sympathetic hearing to the petitions of such utilities for assistance and relief."

Before the war power produced uneconomically was merely a question of expense, but now it is playing a very large part in the coal-saving problem of the Fuel Administration. Consolidation of power plants at Richmond, Virginia, Ludlow, Massachusetts; Worcester, Ohio; Charleston, West Virginia; Kirkwood, Missouri, and at Clinton, Indiana, as reported to the Fuel Administration, would mean a yearly saving of 35,000 tons of coal. In these locations the economical stations have taken over the less economical ones. Forty power plants have been closed down in New York City and twenty-five plants in Chicago. These instances are typical of what is being done throughout the country by the inter-connection, of substitution of one kind for another, to effect fuel saving. The Capital Issues Committee recently created by Congress, is charged with supervision of issuance to all State public utility commissions the recommendation is made "that all extensions and betterments which public service corporations are accustomed to make in normal times, would in our opinion, be postponed until after the war, unless an immediate war purpose is served."

Tobacco From the Skies.

Showers of cigarettes fell from the skies on the American fighters driving the German out of St. Michel salient. This fact was announced in a cablegram received by William J. Milligan, chairman of the Knights of Columbus Committee on War Activities, at the United War Work Cam-

paign headquarters. From American airplanes 20,000 packages of cigarettes were dropped into the hands of infantrymen and artillerymen pressing forward in their victorious squeeze which dislodged the enemy from the stronghold they held for more than three years. Each package was stamped "Compliments of the Knights of Columbus."

The airplane service for distributing cigarettes to the soldiers, while the battle was in progress and the ordinary foot or motor methods of reaching the men in the front lines were unavailable, was established by Martin V. Merle, of San Francisco, a K. of C. secretary, with the co-operation of an American airplane unit. After the fight soldiers related how pleasantly surprised they had been when cigarettes dropped from on high. They declared no service in their behalf ever had pleased them as much as this ultra modern delivery of "smokes."

The Y. M. C. A. workers won new friends at St. Michel. One Red Triangle man, with a huge pack on his back, moved forward with a certain unit, after obtaining the permission of the commander. At the first pause, in the shelter of a slight rise of ground, he distributed a cake of chocolate and a pack of cigarettes to each soldier until his supply was exhausted. He replenished this supply and disturbed more, making two extra trips before the main organization was able to bring up supplies in larger quantities.

Let Well Enough Alone.

There should be no interference with the so-called daylight saving Federal law until the war is over, and even then it may be the best policy to continue it. Common-sense Ben Franklin, even in the days of candles and whale-oil lamps perceived the useless waste of artificial light in Philadelphia and wrote sarcastically against it.

Reports to the Fuel Administrator go to show that adherence to the law will save hundreds of thousands of tons of fuel in the larger cities this winter, an item not to be despised in view of the repetition of the coal shortage. Besides, the communities have adjusted themselves to the new order of things, and nothing is to be gained from disturbing it. When the new system grows expensive in the matter of manufactured illumination it will be time enough to discuss making the change.

The Liberty Loan.

The present Liberty Loan drives lacks nothing when measured by the yard-stick of "preparedness." Secretary McAdoo started the ball rolling at Carnegie Hall, in New York; and now the Secretary is giving direct personal attention to the management of the campaign throughout the country. Mr. McAdoo is being compared with Alexander Hamilton as a "great Secretary of the Treasury." Hamilton furnished the formula for making money, but McAdoo knows "how to get the money" better than any other man who has been at the head of the Treasury.

Everyone should feel that every dollar they can spare should go into helping finance their country's needs. And while buying bonds those who come into possession of these securities should learn the necessity of caring for them. Thousands of Liberty Bonds have been reported as having been "either lost or stolen"—and the whole difficulty is due to the fact that many holders do not realize the necessity of safeguarding their possessions. Many patriotic banks have volunteered to act as custodians of these bonds, without charge to the owners. It is a practice that might very well be generally adopted, especially in sections where the possession of a safety deposit box is not common. The Government is giving the people a chance to share in Liberty Bonds on the largest scale yet brought forward. The Loan will go over the top, just as have the ones that have preceded it.

SINCERE GRATITUDE

Mrs. William Bell, Logansport, Ind., writes: "I deem it my duty to express my gratitude for the good Chamberlain's Colic and Diarrhoea Remedy did me when I had a severe attack of diarrhoea three years ago. It was the only medicine that relieved me."

(adv-oct)

What It Shows.

The woman who worries overmuch about the kind of hat she is going to wear shows that the hat will be worth a good deal more than the head it is to cover.—New York Mail.

— Buy MORE Bonds —

THE UNCOVERED SNEEZE HELD AS A MISDEMEANOR.

Dr. Herman M. Biggs, State Commissioner of Health of New York, was directed by the Public Health Council of the State Department, at a meeting in New York, to take charge of the Spanish influenza situation in the State. He was ordered to spare no expense in getting machinery of his department into immediate action to check the alarming spread of the disease. The epidemic was reported to be more serious up-State than in New York City.

Instructions will be sent by Dr. Biggs to every health officer in the State concerning means for combating the disease and preventing its spread.

The council adopted a rule making it a misdemeanor for any person to cough or sneeze in a public place anywhere in the State without covering the mouth or nose. Violators will be rigidly prosecuted. Punishment will be \$500 fine or one year in prison or both.

SNAKE KILLED—AND BY A WOMAN.

(Lewisburg Leader.)

One of the largest snakes we have heard of lately, was killed by Mrs. Rufus Lawson last Saturday. It was three inches in diameter and about four feet long. It was of a spotted and a velvet-like appearance. Mrs. Lawson found the snake in her yard and bravely attacked it with a spade and soon had it out of business. She also killed about fifty small ones which ran from the large snake's mouth.

DON'T SCOLD, MOTHER! THE CROSS CHILD IS BILIOUS, FEVERISH

Look At Tongue! If Coated, Clean Little Stomach, Liver, Bowels.

Don't scold your fretful peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet. Keep it handy, mother! A little given to-day saves a sick child to-morrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly printed on the bottle. Remember there are counterfeits sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

(adv)

HISTORIC STOVE.

(Harrodsburg Democrat.)

Mr. Charles Powell, the junk dealer, one day last week bought from an old colored woman near Shaker-town an old-fashioned wood stove. The iron in the stove was almost an inch thick, and employees around the junk shop tried to demolish the stove with a sledge hammer and failed in the undertaking. The stove was so made that the large front door could be raised and andirons placed therein to support the wood used in making the fires. The stove was oddly constructed and was used by the Shakers of the long ago. Burgin & Embury, who are conducting the Shakerstown Inn, heard of the relic and purchased it from Mr. Powell.

FEEL LIKE GIVING UP?

Many Paris People On the Verge of Collapse.

A bad back makes you miserable all the time—Lame every morning; sore all day. It hurts to stoop—it hurts to straighten.

What with headache, dizzy spells, urinary weakness. No wonder people are discouraged. Who do not know the kidneys may be the cause of it all. Give the weakened kidneys needful help.

Use a tested and proven kidney remedy. None endorsed like Doan's Kidney Pills.

Mrs. John Mastin, 1439 High street, Paris, says: "I have used Doan's Kidney Pills with good results and I know from the help they gave me that they would be just as beneficial in other cases of kidney trouble. I had a dead, dull ache across the small of my back and my kidneys acted irregularly. Doan's Kidney Pills rid me of those complaints and if I should need a kidney remedy again, I would certainly take Doan's."

Mrs. Mastin is only one of many Paris people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy, ask distinctly for Doan's Kidney Pills, the same that Mrs. Mastin had—the remedy backed by home testimony. 60 cents at all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When your back is lame—remember the name."

A-I-M BRINGS HEALTH TO SICK.

Doctors Are Quick to Recommend Use of Acid Iron Mineral in Their Practice Because of Its Wonderful Curative Properties.

Acid Iron Mineral, the wonderful product from great mineral mines is building up thousands of run-down, sickly people who have not known a well day for years, and bringing to our offices daily thousands of letters of thankfulness from grateful people who have gained health and relief from their sufferings.

As a tonic, as an aid to better digestion, as a blood purifier, as relief for rheumatism and as a help in many other diseases, you will find that A-I-M will accomplish wonders—wonders that you never expected or thought possible.

Thousands of testimonials here on file in our offices attest in no uncertain way how this famous remedy has come to the aid of the sick when they had given up all hope. We will be glad to send you literature and copies of testimonials if you will write us giving your name and address.

J. C. Shelton, of 502 Twelfth street, N. W. Roanoke, Va., in no uncertain terms tells how A-I-M helped to relieve rheumatism and chronic indigestion, saying in part: "After the first bottle I began to feel better, and I take great pleasure in recommending it to all sufferers with indigestion and rheumatism."

The price of Acid Iron Mineral is small, but the benefits you get are not to be measured in dollars and cents. Start to-day on the road to health. Go to your druggist or general store and get a bottle of this marvelous remedy. It does not contain any alcohol or other harmful drugs and, besides, is guaranteed to prove satisfactory or your money will be refunded at the store where you bought it.

If not obtainable in your neighborhood send direct to Ferrodine Chemical Corp., Roanoke, Va., and it will be sent to you postage paid.

UNCLE SAM'S ADVICE ON FLU

U. S. Public Health Service Issues
Official Health Bulletin
on Influenza.

LATEST WORD ON SUBJECT.

Epidemic Probably Not Spanish in
Origin—Germ Still Unknown—Peo-
ple Should Guard Against "Droplet
Infection"—Surgeon General Blue
Makes Authoritative Statement.

Washington, D. C.—(Special).—Al-
though King Alfonso of Spain was
one of the victims of the influenza epi-
demic in 1893 and again this summer,
Spanish authorities repudiate any
claim to influenza as a "Spanish" dis-
ease. If the people of this country do
not take care the epidemic will be-
come so widespread throughout the
United States that soon we shall hear
the disease called "American" influ-
enza.

In response to a request for definite
information concerning Spanish influ-
enza, Surgeon General Rupert Blue of
the U. S. Public Health Service has
authorized the following official inter-
view:

What is Spanish Influenza? Is it
something new? Does it come from
Spain?

"The disease now occurring in this
country and called 'Spanish Influenza'
resembles a very contagious kind
of 'cold,' accompanied by fever, pains

Coughs and Sneezes Spread Diseases

As Dangerous as Poison Gas Shells

in the head, eyes, ears, back or other
parts of the body and a feeling of se-
vere sickness. In most of the cases the
symptoms disappear after three or four
days, the patient then rapidly recover-
ing. Some of the patients, however,
develop pneumonia, or inflammation
of the ear, or meningitis, and many of
these complicated cases die. Whether
this so-called 'Spanish' influenza is
identical with the epidemics of influ-
enza of earlier years is not yet known.

"Epidemics of influenza have visited
this country since 1647. It is interest-
ing to know that this first epidemic
was brought here from Valencia,
Spain. Since that time there have
been numerous epidemics of the dis-
ease. In 1889 and 1890 an epidemic
of influenza, starting somewhere in the
Orient, spread first to Russia and
thence over practically the entire civ-
ilized world. Three years later there
was another flare-up of the disease.
Both times the epidemic spread wide-
ly over the United States.

"Although the present epidemic is
called 'Spanish influenza,' there is no
reason to believe that it originated in
Spain. Some writers who have studied
the question believe that the epidemic
came from the Orient and they call at-
tention to the fact that the Germans
mention the disease as occurring along
the eastern front in the summer and
fall of 1917."

How can "Spanish Influenza" be re-
cognized?

"There is as yet no certain way in
which a single case of 'Spanish influ-
enza' can be recognized. On the other
hand, recognition is easy where
there is a group of cases. In contrast
to the outbreaks of ordinary coughs
and colds, which usually occur in the
cold months, epidemics of influenza
may occur at any season of the year.
Thus the present epidemic raged most
intensely in Europe in May, June and
July. Moreover, in the case of ordi-
nary colds, the general symptoms
(fever, pain, depression) are by no
means as severe or as sudden in their
onset as they are in influenza. Final-
ly, ordinary colds do not spread
through the community so rapidly or
so extensively as does influenza.

"In most cases a person taken sick
with influenza feels sick rather sud-
denly. He feels weak, has pains in the
eyes, ears, head or back, and may be
sore all over. Many patients feel
dizzy, some vomit. Most of the pa-
tients complain of feeling chilly, and
with this comes a fever in which the
temperature rises to 100 to 104. In
most cases the pulse remains relative-
ly slow.

"In appearance one is struck by the
fact that the patient looks sick. His
eyes and the inner side of his eyelids
may be slightly 'bloodshot,' or 'con-
gested,' as the doctors say. There
may be running from the nose, or
there may be some cough. These signs
of a cold may not be marked; never-
theless the patient looks and feels very
sick.

"In addition to the appearance and
the symptoms as already described,
examination of the patient's blood may
aid the physician in recognizing 'Span-
ish influenza,' for it has been found

that in this disease the number of
white corpuscles shows little or no in-
crease above the normal. It is possi-
ble that the laboratory investigations
now being made through the National
Research Council and the United
States Hygienic Laboratory will fur-
nish a more certain way in which in-
dividual cases of this disease can be
recognized."

What is the course of the disease?
Do people die of it?

"Ordinarily, the fever lasts from
three to four days and the patient re-
covers. But while the proportion of
deaths in the present epidemic has
generally been low, in some places the
outbreak has been severe and deaths
have been numerous. When death oc-
curs it is usually the result of a com-
plication."

What causes the disease and how is
it spread?

"Bacteriologists who have studied in-
fluenza epidemics in the past have
found in many of the cases a very
small rod-shaped germ called, after its
discoverer, Pfeiffer's bacillus. In other
cases of apparently the same kind of
disease there were found pneumococci,
the germs of lobar pneumonia. Still
others have been caused by strepto-
cocci, and by others germs with long
names.

"No matter what particular kind of
germ causes the epidemic, it is now
believed that influenza is always
spread from person to person, the
germs being carried with the air along
with the very small droplets of mucus,
expelled by coughing or sneezing,
forceful talking, and the like by one
who already has the germs of the dis-
ease. They may also be carried about
in the air in the form of dust coming
from dried mucus, from coughing and
sneezing, or from careless people who
spit on the floor and on the sidewalk.
As in most other catching diseases, a
person who has only a mild attack of
the disease himself may give a very
severe attack to others."

What should be done by those who
catch the disease?

"It is very important that every per-
son who becomes sick with influenza
should go home at once and go to bed.
This will help keep away dangerous
complications and will, at the same
time, keep the patient from scattering
the disease far and wide. It is highly
desirable that no one be allowed to
sleep in the same room with the pa-
tient. In fact, no one but the nurse
should be allowed in the room.

"If there is cough and sputum or
running of the eyes and nose, care
should be taken that all such dis-
charges are collected on bits of gauze
or rag or paper napkins and burned.
If the patient complains of fever and
headache, he should be given water to
drink, a cold compress to the forehead
and a light sponge. Only such medi-
cine should be given as is prescribed
by the doctor. It is foolish to ask the
druggist to prescribe and may be dan-
gerous to take the so-called 'safe, sure
and harmless' remedies advertised by
patent medicine manufacturers.

"If the patient is so situated that he
can be attended only by some one who
must also look after others in the fam-
ily, it is advisable that such attendant
wear a wrapper, apron or gown over
the ordinary house clothes while in the
sick room and slip this off when leav-
ing to look after the others.

"Nurses and attendants will do well
to guard against breathing in danger-
ous disease germs by wearing a simple
fold of gauze or mask while near the
patient."

Will a person who has had influenza
before catch the disease again?

"It is well known that an attack of
measles or scarlet fever or smallpox
usually protects a person against an-
other attack of the same disease. This
appears not to be true of 'Spanish in-
fluenza.' According to newspaper re-
ports the King of Spain suffered an
attack of influenza during the epi-
demic thirty years ago, and was again
stricken during the recent outbreak in
Spain."

How can one guard against influ-
enza?

"In guarding against disease of all
kinds, it is important that the body be
kept strong and able to fight off dis-
ease germs. This can be done by hav-
ing a proper proportion of work, play
and rest, by keeping the body well
clothed, and by eating sufficient whole-
some and properly selected food. In
connection with diet, it is well to re-
member that milk is one of the best
all-around foods obtainable for adults
as well as children. So far as a dis-
ease like influenza is concerned, health
authorities everywhere recognize the
very close relation between its spread
and overcrowded homes. While it is
not always possible, especially in
times like the present, to avoid such
overcrowding, people should consider
the health danger and make every
effort to reduce the home overcrowd-
ing to a minimum. The value of fresh
air through open windows cannot be
over emphasized.

"When crowding is unavoidable, as
in street cars, care should be taken to
keep the face so turned as not to in-
hale directly the air breathed out by
another person.

"It is especially important to be-
ware of the person who coughs or
sneezes without covering his mouth
and nose. It also follows that one
should keep out of crowds and stuffy
places as much as possible, keep
homes, offices and workshops well
aired, spend some time out of doors
each day, walk to work if at all prac-
ticable—in short, make every possible
effort to breathe as much pure air as
possible.

"In all health matters follow the ad-
vice of your doctor and obey the regu-
lations of your local and state health
officers."

"Cover up each cough and sneeze,
If you don't you'll spread disease."

STOMACH UPSET!

Pape's Diapepsin at Once Ends Dys-
pepsia, Acidity, Gas, In-
digestion.

Your meals hit back! Your stom-
ach is sour, acid, gassy and you feel
bloated after eating or you have
heavy lumps of indigestion pain, or
headache, but never mind. Here is
instant relief.

Don't stay upset! Eat a tablet of
Pape's Diapepsin and immediately
the indigestion, gases, acidity and all
stomach distress ends.

Pape's Diapepsin tablets are the
surest, quickest stomach relievers in
the world. They cost every little at
drug stores. (adv)

Very Much Out of Place.

Among the guests at a reception was
a distinguished man of letters. One of
the ladies present suggested to the
hostess that he seemed to be out of
place at such a party. "Yes," replied
the hostess, with a bright smile, "you
see, he can't talk anything but sense."

CAN NOW EAT AND SLEEP IN COMFORT.

If troubled with indigestion or
sleeplessness you should read what
Miss Agnes Turner, Chicago, Ill., has
to say: "Overwork, irregular meals
and carelessness regarding the ordinary
rules of health, gradually under-
mined it until last fall I became a
wreck of my former self. I suffered
from continual headache, was unable
to digest my food, which seemed to
lay as a dead weight on my stomach.
I was very constipated and my com-
plexion became dark, yellow and
muddy as I felt. Sleeplessness was
added to my misery, and I would
awake as tired as when I went to
sleep. I heard of Chamberlain's Tab-
lets and found such relief after tak-
ing them that I kept up the treatment
for nearly two months. They cleansed
my stomach, invigorated my sys-
tem, and since that time I can eat and
sleep in comfort. I am to-day entire-
ly well!" (adv-adv)

Do You Need Glasses?

Let us make a thorough, scientific
examination of your eyes, based on
ethical grounds, not to recommend
glasses unless you need them. Ask
yourself these questions: "Do I have
headaches, nervous spells, drawn,
tired eyes? Does type sometimes
blur? Do I see spots before my eyes?"
Answer fairly and squarely, for your
own good, for over-strain repeatedly
day by day will break down the deli-
cate nerves and muscles of the eyes
and irreparable injury may result.
Our years of experience insures ac-
curate results.

CITY BOARD OF HEALTH ISSUES
INFLUENZA WARNING

A precaution: To prevent the presence and spread of epidemic influenza the City Board of Health suggests that people who suffer from pain in the head, eye, back and in other parts of the body, accompanied by general lassitude or weakness, chilly sensation, a sudden rise of temperature, with some discharge from nostrils, eyes red and a slight cough, should not go into crowded places, e. g., picture shows, churches, cars, etc.

When sneezing or coughing do not neglect to protect the other person by using handkerchief at mouth or nostrils.

Plenty of fresh air, good food, regular hours and habits will go far towards the protection of the community against the probable dangers of the above disease.

A. H. KELLER,
City Health Officer.

Administratrix's Sale

—OF—

Personal Property.

The undersigned administratrix of W. B. Woodford, will, at his late home place on the Paris & Winchester Turnpike, Bourbon County, Kentucky, about five miles from Paris, on

Friday—Woman's Society Presbyterian church.

Saturday—Teacher's Circle.

S. O. S. Call For Surgical Dressings.

The Surgical Dressing Room will be open every day this week. Many workers are needed in order to fill the large quota assigned. If necessary make a sacrifice to answer this call. The times are critical, a crisis is imminent. Measure up.

When the American Red Cross workshop in London received an urgent appeal for 200,000 first-aid packages, the committee in charge replied, "We will deliver first-aid packages as requested at rate of 15,000 a week, beginning at once." The order had to be filled without interfering with the regular hospital supply output of the shop, and each package was to contain twelve articles, but the workshop exceeded its promise the first week, and a few weeks later, the entire order was in the hands of the army authorities.

Volunteers From Bourbon For
Emergency Nurse Service

The call which was issued last week asking for volunteer emergency nurses whose services were needed in caring for the soldiers suffering from the Spanish influenza in the contonments, met with a prompt and ready answer on the part of Paris and Bourbon county women. Twenty or more volunteered. As is often the case, when the call first came the requirements were not sufficiently definite and there was a bit of confusion. Some hospital training or training acquired by much practical nursing is now found to be necessary for placement in a cantonment. However, should we have a serious epidemic in our own city the civilian population would find this reserve list of capable women to be invaluable.

Mrs. Carl Crawford and Mrs. N. A. Moore were called to Camp Buell, Saturday, as emergency nurses.

For Influenza Patients At the Cantonments.

Any one desiring to donate bedding for influenza patients at Camp Taylor or Camp Buell may send such donations to the Red Cross Rooms from which place they will be forwarded immediately. Pillows, sheets, pillow cases (18x24), blankets and towels are needed.

Keep Your Appointments

Organizations engaged in various fields of war service, the Red Cross, War Community Service and similar bodies, are complaining of the severe handicaps which they suffer from the failure of persons to keep their appointments to perform certain tasks. Many instances are cited of excellent plans miscarried through such failure. When a person pledges herself or himself to assist in a task the organizations made definite plans accordingly. Neglect, exasperates, delays and disappoints. Keep your appointments!

County Historian.

—Mrs. Fanniebell Sutherland, of Paris, has been appointed Historian for Bourbon county, for the collection and compilation of the county's participation in the war. The appointment came from Mr. Fred Caldwell, of Louisville, who has been appointed State Historian. So far only four or five States in the Union have taken up this work.

Compilation of Registration.

The following is a complete summary of the registration of women of Bourbon county, under the recent call for women to engage in war activities. It shows the women of the city and county are fully alive to the necessities of the time, and are ready and willing to dedicate their time and talents to whatever they can do best. The list follows:
Dairying 103; farming 78; fruit raising 2; gardening 153; poultry-raising 426; stock-raising 16; accountant 8; bookkeeper 71; cashier 21; clerical work 58; filing 15; office manager 3; private secretary 9; typewriter 88; stenographer 67; care of children 163; cleaning 32; cooking 426; housekeeping 1775; home industries 1097; knitting 613; laundress 169; practical nurse 103; trained attendant 10; seamstress 167; waitress 18; boarding house 19; buyer 2; dressmaker 29; needle trades 6; forewoman 2; inspector 1; janitress 3; laundry operator 1; manager 3; manicure, etc., 6; milliner 9; restaurant 2; saleswoman 69; architect 1; artist 7; shoemaker 2; draftsman 1; textiles 1; journalist 2;

Private John Blythe, Paris; died in Base Hospital, Camp Meade, Md.; influenza; to be buried in Paris.

BARN NEAR SHELBYVILLE DESTROYED BY FIRE.

A large barn on the Allendale Farm, near Shelbyville, owned by Mrs. S. T. Henning, of Louisville, was destroyed by fire Wednesday, together with its contents of hay, grain and feed, worth \$12,000. The total loss is \$15,000, with \$5,000 insurance. Hard work by a bucket brigade kept the flames from spreading to the house and dairy barn, where the famous Allendale herd is quartered.

A LETTER FROM PRIVATE SHUMATE, NOW IN FRANCE.

Mr. Filmore Shumate, of near Paris, received a letter the other day from his son, Private Elmer Shumate, who has been in France since last May, as a member of Battery B, 21st Field Artillery, American Expeditionary Force. The letter follows:

"Somewhere in France.
"Dear Folks: I received your letters to-day and was certainly glad to hear from you all. I have received several letters from you since I have been over here, and am very glad to have the chance to thank you for your goodness to me. I would have written to you much sooner, but we have had a very unsatisfactory way of getting material and a place to write, so I just had to grab the chance whenever it was offered. We have been out on the front line of battle for some time, but are now back at a rest camp, but we will no doubt be back on the battle line again very soon. I like to be there, and I am telling you the truth, I would rather be in action, than laying around a camp. Well, this leaves me well and in fine health. I have traveled over many parts of France, and while it is a fine country, it is not at all like our good old U. S. A. Of course, everything here is so very different from the way we Americans do it. I will have lots to tell you when I get back. Say, folks, I would certainly like to see THE BOURBON NEWS once in a while, so I can get the news items of what is going on around the old place. Well, it's time for the mess call, so as there is very little going on in the news line that would be of interest to you, I will close for this time. Please write to me again very soon. With love, I am,
"PRIVATE ELMER SHUMATE,
"Battery B, 21st Fld. Art., Amer. Exptdry Force, Via New York."

TAXPAYERS, NOTICE.

No matter if you only pay poll tax, you are required by law to report to us. Time is growing short for reporting taxes. Do so NOW and avoid penalty.

WALTER CLARK,
Tax Commissioner.
JNO. J. REDMON, Deputy.
(oct8-tf)

SEND MEN TO CAMP KNOX

For the construction of Camp Knox at Stithon thousands of laborers, carpenters, mechanics, are needed at high wages. It is of enormous importance in the prosecution of the war that Camp Knox be completed without delay. It is of enormous importance to Kentucky, and to Louisville, that a good showing of both patriotism and quick work be made at Camp Knox.

Every employer of the classes of labor which are needed at Camp Knox should in so far as it is possible release for work at the camp men in his employ. The work will be finished before the first of the year. That it may not lag all building and other work which can be put off until after the first of the year should be put off. Nobody who is loyal to the flag or faithful to the interest of Kentucky will put to work upon avoidable private work any laborer, mechanic, carpenter or any other man who could be of use at Camp Knox. Reverse, in applying it to your private building projects, or to other work that can be delayed, the familiar "Do it now," make it "Don't do it now." Put off until to-morrow that which need not be done to-day and help, by loaning men to Camp Knox, the winning of the war.

ATTEND THIS SALE

Harris & Speakes will sell the W. A. Wallen home on Cypress street, at public sale on Friday, Oct. 25, at two o'clock p. m. This is a splendid home, none better in Paris, and offers a rare chance to get a comfortable home, a house built to be a home. Attend this sale and bid for a neat, substantial home.
(15-1t)

TO DISCONTINUE STATION

At the meeting of the Kentucky State Railroad Commission, held in Frankfort, Friday, the Louisville & Nashville Railroad Co. presented a petition asking for permission to discontinue the depot at Kenney Station, in this county. The petition was taken under advisement by the commission.

ATTRACTIVE DRESSES

The Pendleton Shop has just received a shipment of attractive dresses in serges and satins. 135 E. Main Street, Lexington, Ky. (15-3t)

WALLEN HOME FOR SALE.

The W. A. Wallen home, on Cypress street, a house built for a real home, will be offered at public sale by Harris & Speakes on Friday, Oct. 25th, at two o'clock. There is no better constructed house in Paris, and the purchaser will get a home that they will always enjoy living in. Attend this sale and get a good home.

BACK TO GUARD HOUSE.

Henry Patterson, colored, who was arrested several days ago on the Jos. Connell farm, near Paris, by Patrolman Geo. W. Judy as a deserter from Camp Taylor, was taken back to the Camp Saturday by Patrolman Judy. Patterson confessed to being a deserter, and will undergo a court-martial trial at the camp.

RED CROSS RECEIVES S. O. S. CALL.

The management of the Bourbon County Chapter of the Red Cross, which has its offices and sewing rooms in the basement of the court house, have received the S. O. S. call direct from France asking all Red Cross helpers to assist in every way possible in the work.

The rooms are well ventilated, and everybody is asked to be sure they haven't a cold before coming to the building.

STOVES, STOVES.

You had better have your stoves ready for these cold spells that are liable to turn up any morning. We have them.

ADMINISTRATOR APPOINTED

In the County Court the following orders have been entered conferring authority on the persons named below to act in an administrative capacity as administrators and executors of estates of deceased Bourbon county people:

George W. Link was named as administrator of the estate of his son, the late Leslie Raymond Link, who died of influenza at the Great Lakes Naval Training Station. Mr. Link qualified by furnishing bond in the sum of \$2,000, with Mr. Robt. Meeter as surety.

Mrs. Lida Boardman was appointed and qualified as administratrix of the estate of her husband, the late Mr. J. U. Boardman, who died suddenly in this city some days ago. She executed bond in the sum of \$3,500, with Mr. Geo. W. Wyatt, Jr., as surety.

C. P. Hughes qualified as executor of the estate of his father, the late William Hughes, colored, by furnishing bond in the sum of \$4,000, the surety being furnished by a bonding company.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

—Miss Julia Houston is a guest of relatives in Tulsa, Oklahoma.

—Mr. Walter S. Meng has returned from a business trip to Indianapolis.

—Mr. Alexander Howard, of Covington, is a guest of relatives in this city.

—Mr. J. W. Mallory is visiting relatives in Elizaville, Fleming county.

—Mrs. James Cummins, Jr., of near Paris, is visiting Mrs. Mansfield, in Georgetown.

—Mrs. Morton Collier, of New York, is a guest of Mrs. J. H. Collier and family in this city.

—Mrs. Sam Willis has returned from a visit to her daughter, Mrs. Vaughn Drake, in Winchester.

—Mrs. Charles Sauer is recovering from an attack of la grippe at her home on West Seventh street.

—Mr. James W. Jacoby, who has been very ill at his home near Hutchison, is able to be out again.

—Miss Mary Talbott has returned to her home in Graden City, Mo., after a visit to relatives in this county.

—Mr. S. V. Brents, publicity man for the Bourbon Oil & Development Co., is visiting relatives in Ashland, Ky.

—Mrs. W. R. Florence, of Bracken county, is a guest of her daughter, Mrs. O. T. Wagoner, and Mr. Wagoner.

—Mr. Charles Duncan has returned to his home in this city from a business trip to points in South Carolina.

—Mrs. Louis Taylor, of Paris, who has been very ill in New York, where she had stopped to visit friends, is improving.

—Mr. and Mrs. E. M. Dickson and daughter, Mrs. Durand Whipple, are at home from a visit to relatives in Winchester.

—Mr. and Mrs. Clyde Huffman have moved from Fifteenth street to the cottage at the corner of Eighth street and Walker avenue.

—Mr. and Mrs. Joel C. Rowland, guests of Mr. and Mrs. Allie Rowland, in this city, have returned to their home in Lexington.

—Mr. Martin Heller, of Huntington, West Virginia, is here as a guest of his parents, Mr. and Mrs. P. M. Heller, Sr., on Second street.

—Mrs. Nellie Holliday Valentine, of New York, is a guest of her sisters, the Misses Holliday and Mrs. George W. Judy, in this city.

—Mr. U. S. G. Pepper, former postmaster of Millersburg, now engaged in business in Huntington, W. Va., is visiting Bourbon county relatives.

—Mrs. John Lee and daughter, Miss Ruth Lee, have returned from a visit to the former's parents, Mr. and Mrs. Lafe H. Dills, in Cynthiana.

—Mrs. Ernest Hosler returned to her home in Lexington, Saturday, after a week's visit to her mother, Mrs. Carrie F. Stone, and other relatives.

—Mrs. Carrie F. Stone left yesterday for Lexington, where she will become one of the nursing staff in charge of influenza cases at Camp Buell.

—Mr. Jesse R. Letton has gone to Leon Springs, Florida, where he will close out his business and return to Paris to reside on the farm he recently purchased.

—Miss Jesse Spencer, of Lexington, guest of her sister, Mrs. Wm. Ardery, will leave this week to spend the winter with relatives in Louisa county, Virginia.

—Mrs. Lucinda Gosney has returned to her home in Concord, Pendleton county, after a visit to her sister, Mrs. John L. Day, who has been very ill at her home on Vine street.

—Miss Sena Rion, of Paris, has gone to Winchester to reside in the future. Miss Rion will be in charge of the suit and hat department of the Todd Department Store in that city.

—Mrs. James C. Dedman and daughter, Miss Helen Dedman, have returned to their home in Cynthiana, after a visit to Mr. and Mrs. R. B. Hutchcraft and family, on Houston avenue.

—Mrs. W. F. Chappel will move this week to her new home on West Seventh street. The home she will vacate will be occupied by Dr. and Mrs. Will Kenney, after it has been remodeled.

—Mrs. Lee Starke, who has been a patient at the Massie Memorial Hospital, in this city, for some time has been removed to the home of Mr. and Mrs. Robert Langston, on Scott avenue.

—Miss Lizzie Hill, of Paris, is a patient at the Good Samaritan Hospital in Lexington, where she recently underwent a surgical operation. She was reported yesterday as being very much improved.

—On account of the school which she was attending in Cincinnati, the Ursuline Academy, closing during the influenza scare, Miss Mary Frances Campbell has returned to her home in this city.

—Among recent visitors in the city and county were Mr. Dan Scott and son, Mr. H. B. Scott and Mr. Wm. Fennell, all of Fayette county, who were making a tour of the county, inspecting the tobacco crops and barns.

—Mrs. Laura Estill Francis and Mrs. Lavinia Estill Chenault Cunningham attended the funeral of the funeral of their relative, ex-Governor James B. McCreary, at Richmond, and returned to Paris by way of Lexington.

—Dr. J. T. Vansant has returned from Orange, Va., where he was attending young Sam Clay Ward, who has been very ill with Spanish influenza. Dr. Vansant reports that Mr. Ward and his brother, Mr. Miller Ward, who has been ill at Charlottesville, Va., with the same malady, are both greatly improved.

—Mr. Gus Margolen, who has been confined to his home by illness for the past ten days, is improving.

—A letter from Mr. A. L. Soper to his wife, in this city, stated that the tobacco market in Lagrange, N. C., where he had been connected with a large tobacco concern, had been closed on account of the prevalence of Spanish influenza, and that he would

likely return to Paris until the situation had cleared up.

—Mr. B. B. Joseph has recovered from a serious illness of pneumonia.

—Mr. and Mrs. J. R. Flora and Mr. and Mrs. Theodore Richards, of Fleming county, are guests of Mr. and Mrs. Perry J. McCord.

DON'T DESTROY YOUR COPY OF TO-DAY'S NEWS.

The United States Government, through the United States Employment Service, Louisville branch, asks all the subscribers and purchasers of to-day's issue of THE NEWS not to destroy their copy.

This issue contains a large display advertisement of conditions and matters pertaining to Camp Knox, the new artillery camp at Stithton, Ky., on the Illinois Central railroad, near Louisville. The United States Employment Service wishes to use these advertisements as posters for the recruiting of labor for Government work at Camp Knox.

Over the entire State these advertisements have appeared and are still appearing in the daily, weekly and semi-weekly papers, and every person who gets a copy of the paper containing the advertisement is requested to save it and post it up in a conspicuous place. Farmers and people living in the country are asked to cut out the advertisement and post it up along the pike where it can be seen by everyone passing along.

The Government is badly in need of labor to complete the work already begun at Camp Knox, and Kentucky must furnish it.

VISIT THE PENDLETON SHOP

On account of the rapidly increasing business we have secured the building formerly occupied by the L. & N. R. R. Co., and are displaying stylish hats for fall and winter.

IT IS DONE!

The Fair

And you would have done just as I have done, and now I am telling you about it.

Several weeks ago a factory in Virginia shipped me as sample a dozen pieces of the Re-Enameled Ware on approval.

I bought the whole lot at very low figures. Now, I am ready and willing to give my customers and the public the benefit. Come in and inspect the line and decide for yourself.

We also have some very pretty dinner sets at special prices and everything else pertaining to house furnishings.

THE FAIR.

THE PICTURE FROM HOME!

Don't Forget It!

The biggest and most vital issue in the morale of our army is keeping the boys cheerful and care-free.

When their routine work is over, thoughts naturally turn to home. And the nearest approach to home is the letter from home with the simple home pictures made by brother or sister, father or mother.

LIFT OFF CORNS!

With fingers! Corns and calluses lift off. No pain!

Magic! Just drop a little Freezone on that tough corn, instantly it stops aching, then you lift the corn off with the fingers. Truly! No humbug!

Try Freezone! Your druggist sells a tiny bottle for a few cents, sufficient to rid your feet of every hard corn, soft corn, or corn between the toes, and calluses, without one particle of pain, soreness or irritation. Freezone is the discovery of a noted Cincinnati genius.

STATE TREASURY HAS \$1,143,974 BALANCE

The State Treasury's balance at the close of business September 30 was \$1,143,974.04, as follows: Sinking fund, \$16,416.11; school fund, \$161,462.15; University of Kentucky, \$8,328.74; general expenditures fund, \$967,436.43; outside interest-bearing warrants \$5,108,332.47; outstanding August 31, \$4,924,922.26.

CATARRH CANNOT BE CURED

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a local disease, greatly influenced by constitutional conditions, and in order to cure it you must take an internal remedy. Hall's Catarrh Medicine is taken internally and acts through the blood on the mucous surfaces of the system. Hall's Catarrh Medicine was prescribed by one of the best physicians in this country for years. It is composed of some of the best tonics known, combined with some of the best blood purifiers. The perfect combination of the ingredients in Hall's Catarrh Medicine is what produces such wonderful results in catarrhal conditions. Send for testimonials, free.

F. J. CHENEY & CO., Props., Toledo, Ohio.
Hall's Family Pills for constipation. All Druggists, 75c.

(adv-act)

The fellow who trades old friends for new usually gets the worst of the bargain.

A friend in need seldom hesitates to tell you so.

QUICK RELIEF FROM CONSTIPATION

Get Dr. Edwards' Olive Tablets

That is the joyful cry of thousands since Dr. Edwards produced Olive Tablets, the substitute for calomel.

Dr. Edwards, a practicing physician for 17 years and calomel's old-time enemy, discovered the formula for Olive Tablets while treating patients for chronic constipation and torpid livers.

Dr. Edwards' Olive Tablets do not contain calomel, but a healing, soothing vegetable laxative.

No griping is the "keynote" of these little sugar-coated, olive-colored tablets. They cause the bowels and liver to act normally. They never force them to unnatural action.

If you have a "dark brown mouth" now and then—a bad breath—a dull, tired feeling—sick headache—torpid liver and are constipated, you'll find quick, sure and only pleasant results from one or two little Dr. Edwards' Olive Tablets at bedtime.

Thousands take one or two every night just to keep right. Try them. 10c and 25c per box. All druggists.

CROP PROSPECTS FOR KENTUCKY THIS FALL

Crop prospects in Kentucky now indicate the production of approximately 96,681,000 bushels of corn compared to 122,850,000 bushels last year, while the total United States crop is expected to be about 2,719,676,000 bushels compared to 3,159,494,000 bushels last year. It should be remembered, however, that there was a very large amount of soft corn last year, while there will probably be much less this year.

Tobacco in Kentucky is now expected to produce about 360,739,000 pounds compared to 423,600,000 pounds last year, while the total United States crop is expected to be about 1,266,031,000 pounds compared to 1,196,451,000 pounds last year. Because of being late in making its growth the quality of Kentucky tobacco is still somewhat uncertain as much of it had to be cut green, but Northern and Eastern States report excellent crops. The Western Kentucky and also the burley district crops grew out wonderfully by larger than first expected.

Potatoes in Kentucky are now expected to produce 5,035,800 bushels compared to 6,720,000 bushels last year, while the United States crop is expected to be about 391,033,000 bushels compared to 442,536,000 bushels last year.

Sweet potatoes now promise about 1,040,820 bushels in Kentucky compared to 1,140,000 bushels last year. The United States sweet potato crop promises about 85,489,850 bushels compared to 87,141,000 bushels last year.

Clover seed prospects are good in Kentucky this season, being estimated now to produce about 52,000 bushels compared to 46,000 bushels last year, while the total United States crop is estimated at about 1,382,448 bushels compared to 1,356,000 bushels last year.

Late reports from the spring wheat territory in the Northwest indicate good yields of high quality, the average yield being estimated at 16.1 bushels, compared to a ten-year average of 13.1 bushels, and the quality at 94.8% compared to a ten-year average of 86.7%.

The commercial apple crop in the United States is now estimated at 24,400,000 barrels compared to 22,519,000 barrels last year. This does not include farm crops that are not ordinarily marketed. The Northwestern boxed apple crop is short, but the Eastern crop is heavy, especially in Western New York and the Shenandoah-Cumberland district of West Virginia, Maryland, Virginia and Pennsylvania. There is practically no important apple crop in Kentucky this year, though a few scattered orchards report some fruit.

More detailed reports on the production of crops in any year or series of years, price records, etc., may be obtained by those interested, who will address the United States Bureau of Crop Estimates, 520 Custom House, Louisville, Ky.

FEW CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

Save Your Hair! Make It Thick, Wavy and Beautiful—Try This!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine to-night—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

(adv)

Erectness.

Sit, stand and walk erect. This keeps our circulation in order and also expands our lungs to the fullest. Be straight like the Indian who believed in being erect, and in reaching his highest stature that he might the better listen to the voice of the Great Spirit.—Camp Fire Magazine Wokepo.

STOP LUMBAGO PAIN. RUB BACKACHE AWAY

Instant Relief! Limber Up! Rub Pain, Soreness, Stiffness Right Out With "St. Jacob's Liniment."

When your back is sore and lame or lumbago, sciatica or neuritis has you stiffened up, don't suffer! Get a small trial bottle of old, honest "St. Jacob's Liniment" at any drug store, pour a little in your hand and rub it right into the pain or ache, and by the time you count fifty, the soreness and lameness is gone.

Don't stay crippled! This soothing, penetrating liniment takes the ache and pain right out and ends the misery. It is magical, yet absolutely harmless and doesn't burn or disorder the skin.

Nothing else stops lumbago, sciatica and lame back misery so promptly and surely. It never disappoints! (adv)

SOLDIER IS HERO
OF ALL ITALIANS

Col. Pietro Glefese, commander of the gallant Fifty-second infantry regiment which held the upper Piave line for three days against the onrush of the Teuton hordes. Although greatly outnumbered the gallant troops held the enemy at bay until re-enforcements could be brought up. In doing so they saved the entire Piave line the loss of which would probably have meant a rout of the Italian army. Colonel Glefese, who commanded the brave soldiers in their wonderful defense has become the idol of all Italians.

BRITISH RESCUED
BY YANK AVIATORS

Save Crew of Seaplane Forced Down in Fight With Five Foe Flyers.

The feat of two American aviators in rescuing the crew of a British seaplane which had been forced to land on the surface of the North sea after an encounter with a group of German airplanes, received mention in a British communique. The official statement, however, said only:

"In one case a stray bullet shot away a control, and the British machine was forced to alight. The crew were subsequently rescued by another British seaplane which had been sent to search for them."

The rescuing machine was manned by Ensigns Benjamin Lee and J. J. Schieffelin of the American naval aviation service. Ensign Lee gave the Associated Press the following account of the flight:

"Our commanding officer and two men left the station at 3:30 in the morning on a flight toward the Dutch coast. Shortly after sunrise they saw on the horizon five spots which rapidly assumed the outlines of German seaplanes.

"Five to one is hardly a fight, so the commanding officer, after a first diving charge through the enemy's formation, shoved down the nose of his plane and headed homeward. His two men fired sharply from the after guns, forcing the German scouts to keep their distance. They were getting away all right, even leading the enemy into dangerous territory, when suddenly a chance shot from one of the Germans took away a control and the flying boat crashed nose down. The three men fought clear of the wreckage and got hold of a floating spar, while the Germans, realizing that they were in dangerous country, scooted away homeward.

"It was four hours later, when the patrol was long overdue, that we were sent out to search for them. We searched the horizon as we speeded along eastward, covering, at the visibility, a band about twenty miles wide. Finally one of us picked up a black speck, which soon grew into a piece of wreckage with three men on it.

"Dropping our bombs at a safe distance, we throttled down our motors and landed near the crashed seaplane. It was a delicate operation, but we managed to taxi over to the wreckage and pick off the four men, meanwhile sending back the good news by wireless.

"The only comment the commanding officer had to make on his experience was: 'What's a ducking? Just a bit of experience!'"

SWISS AID BEE CULTURE

Sixteen Pounds of Sugar Allotted to Each Hive.

The bees will be looked after next fall by the Swiss government, says a communications published by the military department. Each bee master will receive 16 pounds of sugar for each beehive.

It is expected that this amount will be enough to keep the bees until spring. Owners of bees who desire to receive sugar rations will have to make their application before the end of this month.

After Southern Slackers.

Throughout the entire South a systematic movement is being carried out to round up all slackers. Every man is being investigated and told to get into some useful occupation if the job he now holds proves to be nonessential to the winning of the war.

Don't Wait to Be Drafted!

Volunteer as Patriots for Government Work

Carpenters 60c, Laborers 35c per Hour

LODGING FREE

The Government at Washington has called upon the citizens of KENTUCKY at once to furnish the men to build—or lose from the State entirely—the wonderful Camp Henry Knox, at Stithon, designed to be the greatest Artillery Training Camp in the United States.

The credit and good name of the Commonwealth of KENTUCKY must be upheld. And the State MUST NOT lose this great plant, calling for an investment on the part of the United States Government of from \$15,000,000 to \$20,000,000.

Up to this time the work has lagged for want of men. It is now up to the men of Kentucky to volunteer, or be forced to do so later on. There is no middle course.

TEN THOUSAND WORKMEN MUST COME FORWARD!

Carpenters and Laborers

Wages are high and fixed by the Government. Carpenters 60 cents an hour. Laborers 35 cents an hour. Carpenters and laborers work ten hours each day, receiving pay for eleven hours. Saturday afternoon and Sunday work (not compulsory) double pay for carpenters; time and a half for laborers.

Free sleeping quarters provided with new cots and blankets. Meals 30 cents each. Transportation free to laborers and charges are advanced to carpenters from any point in the State.

Sanitary Conditions Are of the Best

Camp Knox was selected for a permanent site because it is located on the highest point of land on the Illinois Central between Louisville and New Orleans. Camp Knox has one of the best health records in the country.

Patriotic Women of Kentucky

See to it that every able-bodied man in the State, not engaged in other War Industries, volunteers his services at high pay, to help get this great permanent Kentucky camp ready for the brave boys of this Commonwealth and other States, now billeted in tents at Camp Taylor and West Point, so they will not have to suffer the privations of General Washington and the Continental Army at Valley Forge.

If it is not your own son who must be housed at Camp Knox this winter, it is the boy of some other mother—all of them training to protect our Liberty in the great fight for Freedom.

Provided men do not volunteer for this well-paid and necessary patriotic work, it is the duty of every loyal Kentucky woman to report them to the nearest United States Employment Service, just as they would a Hun Spy or an Army Slacker.

Show them their Duty!

Make them Volunteer!

Take their Places!

Camp Knox Must Be Ready December 1

Before cold weather sets in, barracks at Camp Knox to shelter not less than 30,000 Army Boys, and stables for at least 15,000 animals must be completed. This is imperative.

Full-blooded Kentucky co-operation can complete quarters for not less than 50,000 soldiers and 30,000 animals in that time, if all work together. It is a man-sized job, all right, even for Kentuckians, but it can be done, as Kentuckians never fail in what they undertake.

The fair name of the old Commonwealth—the fourteenth State to be admitted in the Union—is at stake in the National Capital and before the Country at large.

Employers—Notice—Important

If your work is non-essential, give up some of your men at once and advise them to go to Camp Knox. If the call for Volunteers is not heeded, you may be required to shut down completely. We do not wish to do this by compulsion.

This is no time for shilly-shallying. We must have ACTION. The work is Vital. It is Imperative.

Be a volunteer and Go at Once.

Men, Men and More Men to Save Kentucky

This is an EMERGENCY necessitating drastic action if the call for volunteers is not heeded.

When the order came from Washington telling what Kentucky had to do to save Camp Knox for the State, Federal Director Pratt Dale, of the United States Employment Service for Kentucky, immediately held a War Council of affiliated interests, composed of Major W. H. Radcliffe, Constructing Quartermaster at Stithon, John Griffiths & Son Company, builders of Camp Knox for the Government, and O. L. Taylor, District Organizer of Kentucky, United States Public Service Reserve; Edward W. Hines, State Chairman, State Council of Defence. Determined action was decided on. All Government agencies will be invoked to secure the necessary men.

Let the word go out broadcast of Kentucky's need of men in this greatest of humanitarian war works—housing our soldiers.

Let it go out at once.

Preach it from the Pulpit.

Shout the need from the housetops.

Organize the workers at once—and report them to your nearest United States Employment Service or to your County Chairman, United States Public Service Reserve.

It Can Be Done With Your Help

Georgia furnished 5,000 men to save its picnic acid plant—raised them in two weeks. Kentucky can do ever better.

Major Radcliffe says: "Every nail you drive, every brick you lay, every bit of real work done, will add to the growing load around the Kaiser's neck. The war won't wait!"

Men and Women of Kentucky—Do your duty for your Country and your Commonwealth and help us to Protect YOUR Boys.

MILLERSBURG

Mrs. W. G. Dailey continues to improve.

Miss Laura C. Jefferson, who was quite sick during the past week, is much improved.

Mrs. Bayles DeBell arrived Monday as guest of her daughter, Mrs. R. M. Caldwell.

Mr. U. S. G. Pepper, of Huntington, W. Va., was the guest of Mr. Ashby Leer, Saturday and Sunday.

Corporal Wadell Beeding, of Camp Taylor, Louisville, was at home Friday and Saturday on a short furlough.

Mrs. R. L. Buffington, of Columbus, O., arrived Friday evening at the bedside of her brother-in-law, Dr. W. M. Miller.

Mr. and Mrs. O. E. Hurst and sister, Mrs. Woolms, the latter of Rock Island, Ill., left Friday for a few days' visit to Mr. and Mrs. J. W. Williams, at Murfreesboro, Tenn.

Dr. W. M. Miller was stricken with paralysis Friday morning, his right side being partially paralyzed, though he has gained some little use of it since receiving the stroke.

Misses Marguerite and Edith Wood are at home from their respective schools at Sharnsburg and Brooksville, on account of the closing of the schools, by order of the State Board of Health.

No preaching or Sunday school in town Sunday on account of influenza. No meeting of Amity Lodge F. and A. M. No. 40 to-night. Nor will there be any public gatherings until orders are so issued by the State Board of Health.

There are several cases of influenza in the town and community. Steps should be taken to quarantine every home where the disease is known to exist. This is one of the quickest methods of stamping out such a disease. Let us all co-operate and do what we can to rid our community of this much-dreaded malady.

A telegram was received here Saturday by a Millersburg girl, announcing the death in France of Private Samuel Watkins, of near Millersburg. Private Watkins was reported killed in action in one of the recent battles. He was sent to Camp Taylor, on February 8, then to France. He was engaged to be married to the young woman to whom the telegram was sent.

BIRTHS.

To the wife of Mr. Thos. Kennedy, of Winchester, a son—Joseph Harlan Kennedy. Mrs. Kennedy was formerly Miss Helen Stivers, daughter of Mr. and Mrs. J. Hooker Stivers, of Paris.

DEATHS.

TURNER.

Mr. Amos Turner, aged about seventy-five years, one of the most prominent members of the racing fraternity and one of Bourbon county's most prominent farmers, was found dead in a field near his home on the Mayville pike, Sunday morning, by his niece, Miss May Colville, who had gone in search of him.

Mr. Turner, who had been apparently in the very best of health, left his home early in the morning to inspect some work that had been finished the day previously, and told the family that he would be back in a very few minutes. His prolonged absence led to the suspicion that something was wrong, and Miss Colville went to the field to investigate. She found Mr. Turner's horse wandering aimlessly around the field, and upon further investigation, was horrified to find Mr. Turner lying prone on the ground, where sudden death had overtaken him in the midst of his inspection work. From all appearances he had been dead about two hours. The body was removed to the home, where it was prepared for burial.

Mr. Turner, in connection with his brother, Mr. Jesse Turner, had for many years been engaged in breeding and racing thoroughbreds under the firm name of Turner Bros. Their colors had been carried to victory on many of the most prominent tracks of the country. They had also raced in Canada and in Cuba, where their horses had been winners in many a notable event. The firm of Turner Bros., up to the time of their retirement from the turf, about two years ago, was probably the most noted in their line of any in the racing world. Their winnings on the tracks of America, Canada, and Cuba were very large. In their string were such notable racers as Water Bass, Cleburne, Flabbergast, Martin Doyle, Theo. Cook, Clell Turner, Horron, Dr. Catlett, Newah, Dr. Eichberg, and many others.

Mr. Turner is survived by his widow, who was formerly Miss Lizzy Manning, of Mason county; two daughters, Mrs. Ezekiel Arnold, of Covington, and Mrs. Louis Taylor, of Paris, who has been very ill in New York, and one brother, Mr. Jesse Turner, of Paris. During the past few years three brothers and one sister of Mr. Turner have passed to the other land. Capt. Dan Turner, a Confederate veteran, and former proprietor of the Bourbon House, in its days one of the most notable hotels in this section; Matt Turner, for several terms Judge of the Bourbon County Court; Henry Turner, at one time also proprietor of the Bourbon House and a well-known business man afterwards in other lines, and Mrs. John Current.

Last Thursday Mr. and Mrs. Turner celebrated their forty-seventh wedding anniversary at their home. They were the recipients of many handsome presents and congratulations. The most highly-prized one was a telegram from their daughter, Mrs. Louis Taylor, who was ill in New York, stating that she was improving. Her physician upon hearing of Mr. Turner's death, advised her, in view of her illness, not to attempt making the journey back to Paris.

The funeral will be held at the family residence at 2:30 o'clock this (Tuesday) afternoon, with services conducted by Rev. John J. Rice, pastor of the Paris Presbyterian church. The burial will follow in the Paris Cemetery. The active pall-bearers will be Clell Turner, Amos Turner, Jr., Harry B. Clay, J. Frank Clay, Robert H. Winn and Samuel Willis; Honorary pall-bearers, Nathan H. Bayless, Sr., T. Hart Talbott, Wm. G. Talbott, Jos. W. Davis, Hubbard Buckner, William Taylor, Chas. C. Leer.

HAGGARD.

Mr. James H. Haggard, who for many years has been one of the prominent business men of Paris, died at his home on Cypress street, Friday night, after a long illness, due to the infirmities of age. Mr. Haggard was seventy-seven years old, and had spent the greater portion of a long and useful life in business in this city.

Mr. Haggard was a native of Clark county, having been raised on a farm near Winchester. He came to Paris, where he engaged in the agricultural implement business in the building at the corner of High and Fourth streets, and later on embarked in the real estate business. He is survived by his widow, formerly Miss Nannie Ballinger, of Clintonville; one brother, Mr. W. Z. Haggard, of Clark county, and one sister, Mrs. Bettie Elkin, of Winchester.

The funeral was held at the family residence yesterday afternoon at three o'clock, with services conducted by Rev. W. E. Ellis, pastor of the Paris Christian church. The burial followed in the Clintonville Cemetery. The pall-bearers were Marion Hall, Ben Bedford, John L. Soper, Dr. D. S. Henry, W. O. Fuller and Ed. Cantrell.

JACOBY.

Mrs. Agnes Kenney Jacoby, aged ninety-two, one of Bourbon's pioneer citizens, died at her home near Hutchison, this county, Saturday, after a long illness due to infirmities of age. Mrs. Jacoby was a woman of high Christian character, one who had made her impress upon the life of her community.

She was the widow of Mr. James Jacoby, and a sister of Mr. Matt A. Kenney, both of whom were in their day prominent farmers in the Hutchison vicinity. She is survived by three sons, J. W. Jacoby, M. R. Jacoby and James L. Jacoby, and one daughter, Mrs. Annie Hayes, all of whom resided near Hutchison.

The funeral was held at the family residence at three o'clock yesterday afternoon, with services conducted by Revs. J. J. Dickey and P. S. Rhodes. The burial followed in the old family burying ground near the residence. The pall-bearers were

George Jacoby, Lyle Jacoby, Jos. Jacoby, Dr. Will Kenney, Wm. B. Kenney and Chas. Lyle.

BLYTHE.

Information was received here Sunday by Mr. and Mrs. George Blythe, of Second street, telling of the death at Camp Meade, Md., of their son, Private John Blythe, of Spanish influenza. The body will probably arrive here to-night for interment.

Young Blythe was in his twenty-fifth year. He was a member of one of the Bourbon county draft contingents sent to Camp Taylor in the past summer, being later transferred to Camp Meade, Md., from where he would have been sent overseas later on. He was highly regarded by his comrades and by all who knew him.

He is survived by his parents, Mr. and Mrs. George Blythe, four brothers, Hugh Blythe, stationed at Camp Zachary Taylor, Leonidas Blythe, Walter Blythe and Andrew Blythe, and three sisters, Mrs. Stella May Frakes, Mrs. Mattie Shepherd and Mrs. Eddie Smith, all of Bourbon county.

RICE.

A message from Camp Meade, Md., Saturday, told of the death there of Private Robert Rice, son of Mrs. Gates Rice, of North Middletown, of Spanish influenza. His mother, and his brother, Mr. Luther Rice, and Dr. L. R. Henry, of North Middletown, were at his bedside when the end came.

Young Rice was a member of a Bourbon county contingent sent to Camp Taylor last summer. From there he was transferred to Camp Zachary Taylor, destined soon for overseas duty. Besides his mother, Mrs. Gates Rice, he is survived by one brother, Mr. Luther Rice, of Paris, and one sister, Miss Alma Rice, of North Middletown. No information has been received here yet as to what time the body will arrive.

BUTLER.

The body of Private Grover Butler, of Paris, who died at Camp Meade, Md., last week, of Spanish influenza, reached Paris, Friday, coming over the Chesapeake & Ohio road to Winchester. There the body was taken in charge by Undertaker Geo. R. Davis, and brought to the home of Mr. Butler's parents, Mr. and Mrs. W. O. Butler, on the Bethlehem pike, near Paris.

The funeral was held Saturday afternoon at three o'clock with services conducted at the grave in the Paris Cemetery, by Rev. R. C. Goldsmith, pastor of the Paris Baptist church.

The pall-bearers were Dr. D. S. Henry, Dr. Wm. Kenney, Harry Current, John Potts and Judge George Batterson.

WISSING.

Mrs. Ella Wissing, a sister of Mrs. Dan Sullivan, of this city, died at her home in Cincinnati last week, following a brief illness of Spanish influenza. Mrs. Wissing has just returned to Cincinnati after a visit to Mrs. Sullivan. Mr. Dan Sullivan attended the funeral, which was held in Cincinnati, Friday.

GATHER NUT SHELLS AND SAVE A LIFE.

Now that the schools of Paris and the county are closed during the influenza prevalent to a limited extent, the school children of Bourbon county are urged to render a patriotic duty to their country that will be both a pleasure to them and of inestimable service to the boys in France.

To combat the use of "gas" by the enemy, masks must be used by our soldiers to filter the gas out of the air and give the soldier the oxygen that is necessary to sustain life. The only satisfactory filler for these masks is charcoal made from the shells and seeds of nuts and fruits. Bourbon county is fortunate at this time to have an abundance of walnuts and hickory nuts, the shells of which are ideal material for the masks.

It is these that the children are urged to gather. They will lay up the broken shells to dry thoroughly, and when the sap is out of them bring them to the Red Cross room in Paris, to be forwarded to the proper place.

County School Superintendent J. B. Caywood has offered a flag as a premium to the pupil gathering the largest number of peach seeds, prune, cherry, apricot, plum and olive pits, Brazil, walnut, hickory nut and butternut shells. The public schools of the county are now closed, and the pupils can begin the work now and later when the schools open turn in their collections. Supt. Caywood wants to collect as much as a carload and appeals to every school boy and girl to evidence their patriotism by helping the Government in this matter.

TOYLESS CHRISTMAS LIKELY FOR LOCAL CHILDREN.

The Kentucky Council of National Defense campaign to educate the public in the matter of Christmas buying this year took on a State-wide aspect when instructions for extending the movement were issued to the 120 chairmen of County Councils of Defense throughout Kentucky. The instructions deal with the problem as concerning the public, and also from the standpoint of co-operation with the merchants.

The outstanding feature of the campaign is that it is intended specifically to eradicate the custom of giving toys to children. Useful presents for all persons is to be the aim of the movement. Early buying and early selling, designed to eliminate the necessity of increasing sales and delivery forces, is urged in view of the wartime scarcity of labor for purposes which are not strictly war-essential. Shop in October and November, is the request made of the public.

The merchants are asked to assist in educating the consuming public to buy useful articles and to refrain from increasing working force and working hours during the Christmas buying season.

FIRST NATIONAL GETS NEW ASSISTANT CASHIER

At a recent meeting of the Board of Directors of the First National Bank of Paris, Mr. Wm. H. Spradlin, Sr., who has been Cashier of the Deposit Bank, of Flemingsburg, was elected Assistant Cashier. Mr. Spradlin succeeds Mr. Hord Mann, who has gone into the army Y. M. C. A. war work in France.

Mr. White Varden, who has for several years been connected with the Bourbon-Agricultural Bank & Trust Co., was tendered the position of bookkeeper. Mr. Varden accepted the position and will assume the duties of the position this week or later. Mr. Spradlin and Mr. Varden are both expert in their lines, and will make valuable additions to the clerical forces of the First National.

BUY LIBERTY BONDS

"THE AMERICAN'S CREED"

"I believe in the United States of America as a Government of the people, by the people, for the people; whose just powers are derived from the consent of the governed; a democracy in a republic; a sovereign nation of many sovereign States; a perfect union, one and inseparable; established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes. I, therefore, believe it is my duty to my country to love it; to support its Constitution; to obey its laws; to respect its flag and to defend it against all enemies."

Queer Epitaphs.

Queer epitaphs are frequently fakes; but the following really appears in a Salop churchyard: "Elizabeth, the wife of Richard Barklamb, passed to eternity on Saturday, 21st of May, 1797, in the seventy-first year of her age. Richard Barklamb, the Antelope Uxorious, was interred here, 26th Jan., 1806, in his eighty-fourth year." What an antelope uxorious may be is not explained.—Cardiff Western-Mail.

Bring Up the Reserves.

John was visiting his grandmother, who lived in the country. One day his grandmother found that John had but a few clean clothes left, so she told John to write to his mother and tell her to send him some new clothes. John obeyed immediately, and in a few minutes returned and showed her the letter, which was as follows: "Dear mamma, please send me a reinforcement of clean clothes."

Lay of the Last Hen.

"The Lay of the Last Minstrel" may have caused some apprehension in its day, but were the lay of the last hen to be announced in ours there would certainly be a panic.—Seattle Post-Intelligencer.

Combs.

Combs have been used in the toilet since very ancient times. The Greeks, the Egyptian and the Roman ladies used them to arrange and hold up their hair; even ladies among the Swiss lake dwellers seem to have been familiar with them. Some of these were made of wood, some of bone, of horn or of ivory. Specimens have often been found in recent years.

An electrically driven machine has been invented to take the place of the adz in shipyards.
